

Target: 100 million Punjabi speaking Indians
Project: Plant 1,000 new churches
Challenges: Village illiteracy hampering training of new pastors
Solution: OLBI - Create 3 year Bible Institute on video in Punjabi language

BACKGROUND: Half of the population of India live in villages where the average literacy level is elementary school. These individuals would not qualify to attend India's traditional Bible schools.

OLBI PROJECT: The Oral Learners Bible Institute will produce a 3 year video based Bible Institute designed for illiterate individuals to be trained to become pastors and plant churches. The video lessons will be watched on the students own mobile phone.

PARTNERSHIP: \$45,000 Sponsor entire 3 year Bible Institute

\$15,000 Sponsor 1 year of Bible Institute

\$ 1500 Sponsor 1 course of Bible Institute

Your partnership will cover the cost of translation, video production crews, and expenses for the Punjabi speaking professors who will present course materials on camera. The result is a 3-year Bible Institute created by the India national church to train and equip their own people to plant and then pastor churches across Punjabi speaking India.
